SUMMARY

Aspiring to leverage my skills and experience to contribute to the tech industry and make a meaningful impact. Seeking opportunities to gain hands-on experience in web and software development, as well as UI/UX design. Proficient in HTML, CSS, JavaScript, and Python, with experience in creating responsive applications and intuitive designs using Figma and Adobe XD. Passionate about enhancing user experiences and contributing to innovative projects.

SKILLS

Programming Languages : C, Python, Java, Data Structure and Algorithm

Web Technologies : HTML, CSS, Tailwind CSS
Libraries/Frameworks : JavaScript, React, Node.js

Tools/Platforms : Figma, UI/UX, Canva, Word, Excel, PowerPoint

Databases : SQL, MongoDB

Soft Skills : Problem-solving, Communication, Team Collaboration, Adaptability

PROFESSIONAL EXPERIENCE

Internship, IBM SkillsBuild | AICTE & Edunet Foundation

June 2023 - July 2023

- Worked extensively on Front-End development, focusing on creating responsive and user-friendly website using HTML, CSS, JavaScript.
- Designed and developed a fully functional webpage clone, emphasizing seamless user experience, responsive layout, and modern interface design.

Skills Developed: HTML, CSS, JavaScript.

Internship, Eduskills

July 2024 - Sep 2024

- A 10-week internship in Generative AI offered by EduSkills, focused on hands-on training and skill development in AI technologies.
- Explored large language models, responsible AI principles, and prompt design in Vertex AI. Gained insights into
 application development, cloud architecture, and data science, with hands-on experience in developing GenAI apps
 with Gemini and Streamlit.

Skills Developed: Generative AI Tools and Frameworks, Responsible AI, Prompt Design, Data Handling. PROJECTS

Mentora - Al Chatbot

A Leveraging Gemini's APIs to provide mental health and emotional support to students.

- An Al-driven chatbot to provide emotional and mental health support to students, leveraging Gemini's APIs for natural language processing (NLP) and empathy-based responses.
- Integrated key features such as emotion recognition, personalized support, and mental health resource recommendations, creating a safe and supportive environment for users.

Skills: Gemini API, SQLite, Django, React.

E-COMMERCE STORE

A website built with React and Tailwind CSS.

- Developed a feature-rich E-commerce web application, showcasing strong front-end development skills using React and Tailwind
- Integrated user-friendly features like product search, category browsing, and shopping cart, ensuring a seamless and responsive shopping experience.

Skills: React, Tailwind CSS.

ACHIEVEMENTS

Coordinated workshops at IIT Roorkee's Design Innovation Center for students.

FDLICATION

XII-CBSE

Roorkee College Of Engineering

2021-2025

B. Tech in Computer Science and Engineering

CGPA- 7.9

Shri Guru Ram Rai Public School, Haridwar

2021 79.00%

ADDITIONAL INFORMATION

- Languages: English, Hindi
- Awards/Certificate: Introduction to Generative AI (Eduskills), Foundation Course on Generative AI (Microsoft), Virtual Internship In Android Development (Eduskills), Web Development (Internshala), Introduction to Data Science (Infosys), Blockchain Bootcamp(IDS), Foundation of Cybersecurity(Coursera), Ethical Hacking(NPTEL).
